

Chamois Lodge in the Trois Vallées

Luxury & Secluded Mountain Villas

Opened in 2012, Chamois Lodge is a small chalet in the French Alps that will make your jaw drop. All of its rooms enjoy plenty of light thanks to the huge windows that allow you to enjoy the panoramic views of the mountains.

The interior of Chamois Lodge is beautifully & luxuriously decorated with hides and skins on the walls. The living room is spectacular: no one can resist to relax on one of the sofas by the designer fireplace. Outside Chamois Lodge, enjoy a coffee on the terrace overlooking the mountains, relax in the spa, or simply enjoy the natural environment.
